STATEWIDE CURRENT SITUATION: On September 15, Governor Abbott, and Texas Division of Emergency Management (TDEM) Chief Nim Kidd called county judges to determine what further support is needed following Hurricane Nicholas. While there were reports of wind and water damage in Calhoun and Matagorda Counties, no County Judge reported any major damage or unmet needs from the state.

Governor Abbott also announced that the Texas Health and Human Services Commission (HHSC) has received federal approval to provide replacement benefits for Supplemental Nutrition Assistance Program (SNAP) recipients for food lost or destroyed due to Hurricane Nicholas.

On September 14, Governor Greg Abbott updated the action that Texas is taking to help communities respond to Hurricane Nicholas. To accelerate the response, the Governor temporarily waived the limit on commercial drivers' hours of service and the oversize and overweight permitting requirements.

Governor Abbott also added Liberty and Wharton counties to the disaster declaration issued September 13.

On September 13, The Governor issued a state disaster declaration in response to Tropical Storm Nicholas for 17 counties. Counties included in the state disaster declaration are Aransas, Brazoria, Calhoun, Chambers, Galveston, Harris, Jackson, Jasper, Jefferson, Matagorda, Montgomery, Newton, Nueces, Orange, Refugio, San Patricio, and Victoria. The State will add additional counties as needs are identified.

On September 12, in response to severe weather threats along the Texas Gulf Coast due to Tropical Storm Nicholas, Governor Abbott ordered the Texas State Operations Center (SOC) to increase its readiness to Level II (Escalated Response) beginning September 13, at 9:00 a.m. central. The SOC will operate at Level II to coordinate the state's response in support of local officials. Tropical Storm Nicholas is forecast to begin impacting the Texas coast tomorrow.

Tropical Storm Nicholas is expected to bring significant rainfall and flooding to the entire Gulf Coast as it moves slowly across the state. The Governor urges Texans to prepare now, pay close attention to their local forecasts, and heed all warnings of local officials.

On September 11, the Governor activated resources to assist local communities impacted by this storm. The following resources have been activated:

- Texas A&M Engineering Extension Service (Texas A&M Task Force One): Swift Water Rescue Boat squads and overhead packages.
- Texas Parks and Wildlife Department: Game Warden Boat Teams.
- Texas Military Department: Ground Transportation Platoons with High Profile Vehicles and helicopters with hoist capability.
- Texas Department of State Health Services: Texas Emergency Medical Task Force (EMTF) Severe Weather Packages.
- Texas Department of Public Safety: Texas Highway Patrol (ESF 13) Search and Rescue Aircraft and The Tactical Marine Unit.
- Texas A&M Forest Service: Saw Crews and Incident Management Teams.
- Texas Department of Transportation: Monitoring Road Conditions and Prepositioned Water-Filled Barriers.
- Texas Commission on Environmental Quality
- Texas Health and Human Services
- Public Utility Commission: Power Outage Monitoring and Coordination with Utility Providers.
- Texas Division of Emergency Management State Shelter and Mass Care

Texans are urged to follow these flood preparedness and safety tips during severe weather events:

- Know the types of flood risk in your area. Visit FEMA's Flood Map Service Center for information here: <https://msc.fema.gov/portal/home>
- Sign up for your community's warning system. The Emergency Alert System (EAS) and National Oceanic and Atmospheric Administration (NOAA) Weather Radio also provide emergency alerts.
- Build an emergency supply kit. For more information on how to build a kit, visit: <https://www.ready.gov/kit>
- Keep important documents in a waterproof container. Create password-protected digital copies.
- Protect your property. Move valuables to higher levels. Declutter drains and gutters. Install check valves. Consider a sump pump with a battery.

- Be extremely cautious of any water on roads or in creeks, streams, storm drains, or other areas – never attempt to cross flowing streams or drive across flooded roadways and always observe road barricades placed for your protection. Remember, Turn Around Don't Drown.

RESPONDING STATE AGENCIES/ORGANIZATIONS REPORTS

Texas Division of Emergency Management, Texas A&M University System (TDEM): At 7:00 pm on September 15, the Remote State Operations Center (RSOC) reduced its response level in response to Hurricane Nicholas, demobilizing a portion of the deployed response resources, and leaving some state resources deployed to assist with recovery efforts. Daily Operations staff continue to monitor and report on the current situation preparing Snapshots and the State SITREPs. The State Management Team (SMT) is refocusing their efforts on the COVID-19 response.

Texas Commission on Environmental Quality (TCEQ): TCEQ is currently tracking any issues concerning drinking water and wastewater treatment facilities in the impacted area. Currently 46 drinking water systems reported issuing a Boil Water Notice serving a population of 15,999. Two wastewater systems are currently on generator power.

All ambient air monitoring stations are back online and fully operational.

Staff are available to review and authorize requests for temporary debris management sites and provide technical guidance.

Texas Health and Human Services Commission (HHSC): HHSC continues to monitor situation for state-owned hospitals and state supported living centers and regulated health care facilities. HHSC provided 10 trailers of water per TDEM request.

Texas Military Department (TMD): [TMD has been demobilized in response of 21-0018 Tropical Weather Response.](#)

Volunteer Organizations Active in Disaster (VOAD)
